# ELSEVIER SUBSCRIPTION AGREEMENT

This agreement ("Agreement") is entered into as of 1st January 2020 by and between the Consortium of Swiss Academic Libraries c/o SLSP AG, Werdstrasse 2, 8004 Zürich (the "Consortium"), for and on behalf of its members identified on Schedule 2, pursuant to an authorizing agreement substantially in the form set forth on Schedule 3 (the "Institutions") (all, collectively, the "Subscriber"), and Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands ("Elsevier"). The contractual parties of this Subscription Agreement are Elsevier, the Consortium and the Institutions. By signing the Power of Attorney Form in Schedule 3 and the signing of this Agreement of the hereby authorized representative of the Consortium each Institution enters into a direct contractual relation with Elsevier. The Fees are directly paid by the Institutions to Elsevier and the liability of each Institution is limited to the portion of the attributed Fees set forth in Schedule 1. The function of the Consortium is limited to the negotiation and signature of the Agreement and the representation of the Institutions vis-à-vis Elsevier during fulfilment. The Consortium is neither directly liable for the payment of the Fees by the Institutions nor for the observation of the subscription terms and the fulfilment of the Subscriber performance obligations by the Institutions. There is no joint liability for the Consortium or the Institutions.

The parties hereto agree as follows:

## SECTION 1. SUBSCRIPTION.

1.1 *Subscribed Products.*
Elsevier hereby grants to the Subscriber the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 ("Subscribed Products") and provide the Subscribed Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Agreement.

1.2 *Authorized Users/Sites.*
Authorized Users are the full-time and part-time students, faculty, staff and researchers of the Subscriber and individuals who are independent contractors or are employed by independent contractors of the Subscriber affiliated with the Subscriber's locations listed on Schedule 2 (the "Sites") and individuals using computer terminals within the library facilities at the Sites permitted by the Subscriber to access the Subscribed Products for purposes of personal research, education or other non-corporate use ("Walk-in Users").

1.3 *Authorized Uses.*
Each Authorized User may:

- access, search, browse and view the Subscribed Products;
- print, download and store a reasonable portion of individual items from the Subscribed Products for the exclusive use of such Authorized User;
- incorporate links to the Subscribed Products on the Subscriber's intranet and internet websites and in electronic coursepacks, reserves and course management systems and instructor websites, provided that the appearance of such links and/or statements accompanying such links will be changed as reasonably requested by Elsevier;
- provide print or electronic copies of individual items from the Subscribed Products to other Authorized Users and to third-party colleagues for their scholarly or research use;
- store individual journal articles from the ScienceDirect Subscribed Products in the private

[redacted]

library of a social networking site for the Authorized User's own personal use only;

- share individual journal articles from the ScienceDirect Subscribed Products with third party colleagues individually for their scholarly or research use;

- share individual journal articles from the ScienceDirect Subscribed Products with a limited number of third party colleagues as part of an invitation only working group on non-commercial platforms or tools, for personal, scholarly or research use; and

- access, search, browse, view, print, make electronic copies and store for the exclusive use of such Authorized User or, if the Authorized User is a librarian/information specialist, for the exclusive use of another Authorized User certain journal articles and book chapters from the ScienceDirect® online service that are not subscribed to as part of the Subscribed Products, with each twenty-four (24) hour access period for a selected article or chapter, a "Transaction".

The Subscriber may:

- print and deliver journal articles from Subscribed Titles (as defined herein) from the ScienceDirect Subscribed Products to fulfill requests as part of the practice commonly known as "interlibrary loan" from non-commercial libraries located within the same country as the Subscriber by using Ariel or software with similar functionality. Secure e-mail may be used for the purposes of interlibrary loan provided that the e-mail is immediately deleted after request is met.

The Subscriber may:

- access the text and data mining service online via an API at http://dev.elsevier.com to continuously and automatically extract and index and/or process information from the ScienceDirect Subscribed Products to which the Subscriber separately subscribes and load and integrate the results (the "TDM Output") on the Subscriber's text-mining system for access and use by Authorized Users; and

- distribute the TDM Output externally, which may include a few lines of query-dependent text of individual full text articles or book chapters which will be up to a maximum length of 200 characters surrounding and excluding the text entity matched ("Snippets") or bibliographic metadata. Where Snippets and/or bibliographic metadata are distributed, they should be accompanied by a DOI link that points back to the individual full text article or book chapter. Where images are used the Subscriber should clear the rights for reuse with the relevant copyright owner and/or rights holder. Further the TDM Output should include a notice in the following form:

  > *"© Some rights reserved. This work permits non-commercial use, distribution, and reproduction in any medium, provided the original author and source are credited."*

The Subscriber will be primarily liable for the compliance of all Authorized Users and the engaged third party vendor with this Agreement.

Elsevier will be entitled, at its sole discretion, costs and expense, to audit the Subscriber's and any engaged third party vendor's entire TDM environment, which would include the extracted Data, the TDM Output, the hardware environment, software deployed and security controls in place and to ensure compliance with the terms and conditions of this Agreement.

Text and data mining service online may be accessed by, processed, or hosted by, vendors or other third parties retained by the Subscriber only with the express written permission of Elsevier and solely for the

index and/or process information purposes of the Subscriber. The independent contractor and/or vendor will not ingest the Dataset for any other reasons and will keep such extracted Data, the Snippets, the TDM Output separate and segregated from any other data, and will have no right or ability to use the extracted Data, the Snippets and the TDM Output in any other product or service offering.

Independent contractors and/or vendors will agree in writing to agree and comply with the terms and conditions of this Agreement and will provide Elsevier a copy of such written statement. The Subscriber will not appoint independent contractors and/or vendors which are located outside the European Union, Canada or the United States of America.

The Subscriber will exercise the same degree of care and apply the same level of security control with respect to the use of the text and data mining service online and the activities under this Agreement as with the Subscriber's own product and services.

As additional restriction in this usage grant, the Subscriber and its Authorized Users may not:

- use any robots, spiders or other automated downloading programs, algorithms or devices to search, screen-scrape, extract, or index any Elsevier web site or web application, other than the text and data mining service online via an API; nor

- utilize the TDM Output in a way that would compete with the value of the final peer review journal article or the Subscribed Products, or have the potential to compete with, to substitute and/or replicate any other existing Elsevier products, services and/or solutions or to enhance the products or services and/or solutions of the engaged vendor.

The Subscriber:

may extract and index Data from the Published Journal Articles/Published Book Chapters from Authors included in the Subscribed Products to index and store these in perpetuity in the Subscriber's Institutional Repository by implementing the ScienceDirect APIs as outlined in the use case at: http://dev.elsevier.com/ir_cris_vivo.html; and

Abstracts may only be displayed on the abstract records on the Subscriber data's websites, all other services of the Institutional Repository, such as (but not limited to) alerts, e-mail services and API's may only display Snippets but not abstracts.

In connection with the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber's Institutional Repository, the Subscriber will:

(i) integrate the Institutional Repository software with Elsevier's APIs in accordance with the API Documentation;

(ii) display clear indicators informing users of the Institutional Repository in case they are entitled to the Published Journal Article/Published Book Chapter next to each instance where Data are displayed;

(iii) ensure links to the relevant Published Journal Article/Published Book Chapter landing page in the Subscribed Product are available as part of the displayed Data. In the event links to multiple instances of the full text article/book chapter are displayed, the Subscriber will ensure that the link to the Published Journal Article/Published Book Chapter is displayed more prominently than the links to the other versions of the article/book chapter;

(iv) undertake reasonable efforts to ensure that Accepted Manuscripts bear a CC BY-NC-ND license and link back to the Published Journal Article/Published Book Chapter on ScienceDirect;

(v) ensure the indexes only include Data and no other parts of the Published Journal Articles/Published Book Chapters; and

(vi) remove illicit versions of Published Journal Articles on the terms which are set out here: https://www.elsevier.com/about/company-information/policies/hosting upon Elsevier's request and allow Elsevier to review the implementation of the Data into the Institutional Repository. Elsevier will have the right to suggest improvements to the display of the search results for the Published Journal Articles/Published Book Chapters that are available on the Elsevier site.

The Subscriber recognizes that Elsevier wants to ensure that the Institutional Repository will not share personal or private information, including user identities. In the event the Institutional Repository collects or otherwise processes or uses personal data the Subscriber will be responsible for complying with the relevant data protection and privacy laws.

In connection with the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber's Institutional Repository, Elsevier will:

(i) render and (if applicable) embed via a ScienceDirect API first page PDF previews and, subject to the user authentication, the Full PDFs of the Published Journal Articles/Published Book Chapters in the pages of the Institutional Repository.

As used in this section regarding the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber's Institutional Repository:

"Authors" means employees, students and other staff of the Subscriber and independent contractors appointed by the Subscriber.

"Accepted Manuscript" means an author's version of the manuscript of a journal article or book chapter that has been accepted for publication and which typically includes author-incorporated changes suggested during submission, and editor-author communications. Accepted Manuscripts should not be added to or enhanced in any way in order to appear more like, or to substitute for, the Published Journal Article/Published Book Chapter.

"CC BY-NC-ND" (Creative Commons Attribution – Non Commercial – No Derivatives) means Creative Commons license for non-commercial purposes. CC BY-NC-ND allows others to distribute and copy the Accepted Manuscript for non-commercial purposes, as long as they credit the author(s) (with a link to the formal publication through the relevant DOI), provide a link to the license, and do not represent that the licensor endorses the use made of the article/book chapter. If the user alters or revises the Published Journal Article/Published Book Chapter in any way, it cannot distribute the modified version of the article/book chapter to others.

"Data" will be limited to the following: index terms, bibliographic information, headers, references, digital object identifiers, embargo end dates, keywords, author affiliation, Snippets and abstracts, or any other data when included, of the full text articles/book chapters.

"Institutional Repository" means the Subscriber's secure database system that Subscriber uses to collect, preserve and disseminate information about the intellectual output of the Subscriber's institute(s).

"Published Book Chapter" means the definitive final record of published research that appears, or will appear, in the book and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

"Published Journal Article" means the definitive final record of published research that appears, or will appear, in the journal and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

"Snippets" mean a short contextually relevant query-dependent text or data which may include bibliographic metadata as well as a maximum of 120 words of query-dependent text from individual Published Journal Articles/Published Book Chapters.

1.4 *Restrictions on Use of Subscribed Products.*
Except as expressly stated in this Agreement or otherwise permitted in writing by Elsevier, the Subscriber and its Authorized Users may not:

- abridge, modify, translate or create any derivative work based on the Subscribed Products, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;
- remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Subscribed Products;
- use any robots, spiders, crawlers or other automated downloading programs, algorithms or devices to continuously and automatically search, scrape, extract, deep link, index or disrupt the working of the Subscribed Products;
- substantially or systematically reproduce, retain, redistribute or disseminate online the Subscribed Products; or
- post individual items from the Subscribed Products on social networking sites.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Subscriber.

1.5 *Intellectual Property Ownership.*
The Subscriber acknowledges that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

Notwithstanding anything to the contrary contained in this Agreement, more extensive usage terms might be permitted for open access content in the Subscribed Products as identified in the individual journal article as stated in the applicable user (e.g. CC) license.

**SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

2.1 *Access to Subscribed Products.*
Elsevier will make the Subscribed Products accessible to the Subscriber and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein.

2.2 *Quality of Service.*
Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as

possible in the event of an interruption or suspension of service. If, due to causes within its reasonable control, Elsevier is unable to provide the Subscriber with access to the service for a period exceeding five (5) consecutive days, then Elsevier will refund to the Subscriber the amount of the Fees calculated by dividing the number of days of downtime by 365 and multiplied by the amount of the Fees for the then current year.

2.3 *Withdrawal of Content.*
Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing. If the withdrawal represents more than ten (10%) percent of the number of titles comprising the Subscribed Products, Elsevier will refund to the Subscriber the amount of the Fees that is proportional to the amount of content withdrawn and the remaining unexpired portion of the period for which the Fees were paid. Elsevier will inform the Subscriber if any titles during the Term are removed.

2.4 *Usage Data Reports.*
Elsevier will make usage data reports on the Subscriber's usage activity accessible online on a monthly basis. Elsevier will make commercially reasonable efforts to comply with the then currently valid COUNTER Code of Practice. Elsevier shall maintain as confidential and not disclose to any non-affiliated third party without the Subscriber's prior written consent or as required by law any search or other usage data except in aggregated, collective or anonymized form.

**SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.**

3.1 *Authentication.*
Access to the Subscribed Products will be authenticated by the use of Internet Protocol ("IP") address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Distribution of usernames, passwords, credentials or otherwise providing remote access to the Subscribed Products by Authorized Users who are Walk-in Users is not permitted.

3.2 *Protection from Unauthorized Access and Use.*
The Subscriber will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Subscriber or any third party, through or to (a) the Subscriber's credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;

- manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:

  - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;

  - issuing any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and

  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by the Subscriber (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to the Subscriber IP addresses, including the addresses no longer being used exclusively by the Subscriber.

- without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;

- implement appropriate policies and procedures to seek to ensure that all use of the Subscribed Products is for its legitimate business purposes and in compliance with all terms and conditions herein;

- implement and maintain its own appropriate program for credentials management and will use commercially reasonable efforts to follow the policies and procedures for account maintenance as may be communicated to the Subscriber by Elsevier from time to time in writing;

- on an appropriate basis, review access to the Subscribed Products by its passwords or credentials used to access the Subscribed Products to ensure that such access was in compliance with all terms and conditions herein; and

- promptly upon becoming aware of any unauthorized use of the Subscribed Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the relevant Institution(s) suspend the access from where the unauthorized use occurred upon notice to the relevant Institution(s). In the event that Elsevier detects unauthorized use, Elsevier will promptly notify the relevant Institution by email and/or telephone and request its cooperation to resolve and avoid recurrence of the unauthorized use and will promptly restore any suspended access once the unauthorized use has ceased and the relevant has taken corrective actions to ensure that such unauthorized use does not recur. The relevant Institution(s) will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the relevant Institution(s)' own negligence or willful misconduct and that the relevant Institution(s) did not permit such unauthorized use to continue after having actual notice thereof. The relevant Institution(s) will be responsible for the adherence to the terms and conditions of this Agreement by a third party provider the Subscriber engages, in particular, if such third party provider supplies and manages IP addresses.

3.3 *Security Requirements.*
The Subscriber agrees that the Subscriber will have in place documented policies and procedures, which may be reviewed, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a breach of such safeguards if such breach results in a compromise of any information provided hereunder and cooperate with Elsevier's reasonable requests surrounding such breach including taking appropriate steps to end such activity and to prevent any recurrence.

**SECTION 4. FEES AND PAYMENT TERMS.**

Each Institution will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") within thirty (30) days of date of invoice. Late payments will be subject to interest charges of 1% per month on the unpaid balance, however the total annual aggregated interest charges will not exceed the default interest rate of 5 % set by the Swiss Code of Obligations for commercial contracts. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the relevant Institution will be liable for any such taxes in addition to the Fees.

**SECTION 5. TERM.**

5.1 *Term.*
The term of this Agreement will commence on 1st January 2020 and continue until 31st December 2023

[redacted]

("Initial Term").

5.2 *Renewal.*
After the Initial Term, this Agreement may be renewed upon mutual agreement of the parties in writing for an additional one-year term(s) (a "Renewal Term"). The Initial Term and each Renewal Term are collectively the "Term."

5.3 *Removal of Institutions Due To Insufficient Budgetary Allotment From Government.*
An Institution may be removed from Schedule 2 upon ninety (90) days notice given by the Consortium to Elsevier if sufficient funds are not provided or allotted in future government-approved budgets of the Institution (or reasonably available or expected to become available from other sources at the time its payment obligation attaches) to permit the Institution, in the exercise of its reasonable administrative discretion, to continue to participate in this Agreement. In the event that an Institution no longer participates in this Agreement, its journal titles will no longer be accessed by the Subscriber. The Subscriber may terminate this Agreement upon thirty (30) days' notice given by the Subscriber to Elsevier if sufficient funds are not provided, allocated or allotted in future government-approved budgets of the Subscriber or reasonably available or expected to become available from other sources at the time the Subscriber's payment obligation attaches to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement. Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to termination, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided.

**SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

6.1 *Warranties.*
Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

6.2 *Indemnities.*
Elsevier will indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

6.3 *Disclaimer.*
EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE SUBSCRIBED PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

6.4 *Limitation of Liability.*
Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, or will the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

## SECTION 7. GENERAL.

7.1 *Force Majeure.*
Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) will be deemed a breach of this Agreement.

7.2 *Severability.*
The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

7.3 *Entire Agreement.*
This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein.

7.4 *Modification.*
No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties, except for changes reflecting IP addresses, authentication mechanisms, invoicing and contact address details which may be confirmed by Elsevier in an email notice sent to the Subscriber.

7.5 *Assignment.*
The Subscriber will not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

7.6 *Privacy.*
Elsevier will not, without the prior written consent of the Subscriber, transfer any personal information received by Elsevier from the Subscriber under this Agreement to any non-affiliated third party, except (i) to applicable service providers to the extent necessary to perform their functions for Elsevier in support of this Agreement; (ii) where reasonably necessary to address security, safety, fraud or other legal issues; and (iii) if the Subscribed Products are acquired by another company, or use it for any purpose other than as described in this Agreement.

7.7 *Notices.*
All notices given pursuant to this Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands.

If to the Consortium and/or the Subscriber: Consortium of Swiss Academic Libraries c/o SLSP AG, Werdstrasse 2, 8004 Zürich

*7.8 Confidentiality.*
No financial information contained in this Agreement and its Schedules and Annexes may be disclosed to third parties, except i) if, and to the extent compelled by law to do so such as the mandatory duties of disclosure according to Federal or Cantonal Swiss law (e. g. in accordance with BGÖ, BöB, IDG of the Canton of Zurich) or ii.) after prior consultation with Elsevier.

7.9 *Execution.*
This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

[redacted]

7.10 *Contracting Authority.*
Each Institution has authorized the Consortium to enter into this Agreement on its behalf and to enforce this Agreement against it pursuant to an authorizing agreement substantially in the form set forth on Schedule 3, as attached hereto as Schedule 3.1.

7.11 *Governing Law.*
This Agreement will be governed by and construed in accordance with the laws of Switzerland and the parties irrevocably consent to the exclusive jurisdiction of the courts of Zurich with respect to any action or suit arising out of or pertaining to this Agreement (except where local law requires).

7.12 *Compliance with Laws.*
Each party will comply with all applicable laws and regulations relating to its duties and obligations under this Agreement. Elsevier reserves the right to deny access to the Subscribed Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

7.13 *Gold Open Access Pilot.*
Parties have agreed to a gold open access pilot which form an integral part of this Agreement as detailed in Schedule 1.2 ("Elsevier Gold Open Access Pilot terms").

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

**Journal Collection(s)**
Titles identified in Annex A: Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995, as may be updated annually with the changes effective as of 1 January of the following calendar year of the Term of the Agreement.

**Final Title Selection for Archival Rights**
Conditional upon full payment of the Fees identified in Schedule 1, at the end of the Term, the Consortium may make an individual selection of journal titles for archival access ("Archive Titles") for their Institutions (excluding Cell Press), max. number of titles as seen below. The Consortium may select the Archive Titles from Annex A to Schedule 1.1, Subscribed Titles, provided that Elsevier continues to hold the electronic rights thereto. The content access years for Archive Titles will range from 2020 to 2023. If requested by the Consortium, the definitive list of Archive Titles will be confirmed in an Amendment to this Agreement.

Upon termination of all of the Subscribers' annual subscriptions to ScienceDirect online, the Subscriber may, at its option, (1) acquire, load and technically format on a server that enables access and use by its Authorized Users an electronic copy of all or part of its Archive Titles for the publication years paid and/or (2) continue to access such Archive Titles online for an annual access fee [redacted] per Institution for the Subscriber's access to the platform, and/or (3) access such Archive Titles online through the Portico® electronic archiving service provided by Portico (in which case the Subscriber will execute a separate license agreement with Portico whose terms and conditions will also govern the Subscriber's use of such Archive Titles and take precedence in the event of any conflict or inconsistency with this Agreement), in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Institution, at the Institution's sole expense, the records concerning the calculation of the annual access fee once per year during regular business hours upon thirty (30) days written notice to Elsevier. If an electronic copy is selected, the Subscriber will for a period of five (5) years from delivery of the electronic copy provide, on a monthly basis, to Elsevier complete and accurate usage data reports on the Subscriber's on-site usage activity in a mutually agreed upon format. Elsevier will be entitled to inspect the Subscriber's records of usage once per year during regular business hours upon reasonable notice to the Subscriber. The electronic copy may not contain links and other features and functionality associated with the online version. If a particular Archive Title is withdrawn by Elsevier or not renewed by the Institution, but the Institution remains a ScienceDirect online subscriber, the Institution may continue to access online, at no additional charge, such formerly Archive Title for the publication years paid provided that Elsevier continues to hold

[redacted]

the electronic rights thereto.

**For e-only Institutions: Deep Discounted Price for Print Subscriptions**

Provided that the Fees have been paid, the Institution will have the option to place orders for annual subscriptions to a selection of Elsevier print publications at a price reduced from the list price ("Deep Discounted Price" or "DDP"), by 1 August prior to the start of the next calendar year from Elsevier or its affiliate directly and from only one (1) authorized subscription agent, which will be selected by the Subscriber, and Elsevier or its affiliate will fulfill such orders in accordance with its customary practices. The Consortium will cause the Institution to notify Elsevier of its subscription agent's contact information upon placing such orders. The Institution may change its subscription agent no more than once annually by giving Elsevier notice by 1 August prior to the start of the next calendar year. The Institution will not place orders for such DDP subscriptions on behalf of any other person or entity or with the intent to resell, rent, license, lease or otherwise transfer them to another person or entity.

**Schedule 1.2**
**Elsevier Gold Open Access Pilot Terms**

**Scope and Commercial Terms**

1. Corresponding authors of the Swiss academic institutions ("Institutions") that are part of the Consortium of Swiss Academic Libraries (the "Consortium"), shall be referred to as "Corresponding Author (s)" and shall have the right, during the term of the underlying subscription agreement dated 1st January 2020 ("Agreement"), to publish a number of journal articles per year for Gold Open Access, if accepted for publication, and subject to the terms of this Elsevier Gold Open Access pilot ("Pilot").

2. The Fees for 2020 and total Fees for future years of the term of the Agreement will include Article Publishing Charges ("APCs") for accepted articles, which can be used in applicable Elsevier-published hybrid and fully gold journals (e.g. excluding Cell Press and The Lancet and certain society titles) in accordance with the below:

   - For year 2020: 2.850 APCs are included;
   - For year 2021: 3.000 APCs are included;
   - For year 2022: 3.150 APCs are included.

   For every published Gold Open Access article in excess of the above indicated maximum number of articles for the years 2020, 2021 and 2022, the following applies:

   - The standard APC rate will be set at the then current list price set forth at https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist ("Standard APC Price").

   For year 2023 all APCs are included.

**Workflow**

3. In Elsevier's journal workflow, Corresponding Authors will specify their affiliation and the research funding. Based on this data, Elsevier will provide the Corresponding Authors with the relevant publishing options on the Elsevier Open Access platform (the "EOA Platform").

4. In the event a Corresponding Author has chosen Gold Open Access, the journal article, if accepted for publication in the journal included in the Pilot, shall be published under a CC-BY, or CC-BY-NC-ND license as determined by the submitting Corresponding Author, subject to the conditions and process set forth herein.

5. The Institutions will have access to the EOA Platform to validate the eligibility of the author for this Pilot. The EOA Platform will present the Consortium representative with all information needed to validate, on behalf of the Consortium and its Institutions, validate the eligibility of the Corresponding Author for the Pilot, such as the details of the Corresponding Author, DOI, article title, article type, journal title, research funding and the APC, to the extent that the Corresponding Author has provided such information.

6. If in any year the maximum number of APCs is exceeded, Elsevier will, upon positive validation and subject to the payment terms of the Agreement, invoice the Corresponding Author at the relevant e-mail address provided by the Corresponding Author. In the aforementioned situation, the Corresponding Author shall have been informed on the EOA platform that it is required to pay for additional APCs for Gold Open Access publishing.

7. The Institutions are responsible for informing Corresponding Authors who wish to submit journal article manuscripts that they are required to identify themselves as a Corresponding Author in the course of Elsevier's publishing workflow.

8. The EOA Platform requires the Institutions to validate that the relevant Corresponding Author is affiliated with the relevant Institution.

9. Elsevier shall on a monthly basis, provide each Institution with a report of the Gold Open Access journal articles published under this Agreement, including the corresponding author's institutional affiliation per Institution. The report shall include the following information: Corresponding author name and institutional affiliation; journal title, ISSN, article title, article type, DOI link, APC paid. The verification date of the article submission can be downloaded through the EOA Platform as part of the CSV file.

## POWER OF ATTORNEY AND PROXY

The undersigned, _____, the authorized representative of _____ [Name of Institution], an academic institution, with its principal offices located at _____ [street address, city, state, postal/zip code, country] (the "Institution"), hereby constitutes and appoints [redacted], Consortium of Swiss Academic Libraries c/o SLSP AG, Werdstrasse 2, 8004 Zürich (the "Attorney"), as the true and lawful attorney-in-fact and proxy of the Institution, with full power and authority in the name and stead of the Institution to exercise all rights and privileges of the Institution in its capacity as an Attorney of the Institution to sign, in its sole discretion, the Elsevier Subscription Agreement ("Agreement") annexed hereto and any amendments thereto.

The Institution acknowledges and agrees to be bound by the terms and conditions of the Agreement, including but not limited to the restrictions on access to and use of the services as set forth in the Agreement. The Institution will be responsible for and make payment of the fees due for access to and use of the services as specified in the Agreement.

IN WITNESS WHEREOF, this POWER OF ATTORNEY AND PROXY has been executed by the Institution this ___ day of _____, 2020.

_____
